

LETTER OF RECOMMENDATION

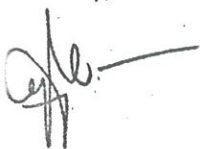

I have known Ishnidh Singh Virdi for three years, and I have taught him Physical Education in the ISC curriculum for the past year. Ishnidh has effortlessly blended into the school environment, imbibing the school culture and developing deep bonds of camaraderie with both his peers and juniors. We have a strong Physical Education and sports programme at school, and during his time here, Ishnidh has actively participated in various activities and particularly enjoys playing football. He is a valuable team player who focuses on both skill development and fitness.

We host an interschool golf tournament every year, the Head Start Friendship Games Golf Championship. Ishnidh has represented the school in this championship over the years and has consistently been placed among the top players. In recognition of his exceptional talent and dedication to golf, the school has awarded him a tuition scholarship. He is highly self-motivated, driven, and clear about what he wishes to achieve in the future.

Beyond his passion and dedication to sports, Ishnidh is a punctilious student who is devoted to both academics and athletics. His unwavering commitment to academics is evident in the efforts he makes to seek guidance and support from teachers and peers. Despite being away from regular classroom instruction due to his commitment to golf, he has ensured that his work remains up to date, effectively managing his studies by seeking clarification when required and making independent efforts to improve his academic progress.

He leaves no stone unturned in making the most of every learning opportunity and has struck a fine balance between academic excellence and sporting commitment through his discipline, determination, and resilience.

Sincerely,

Tejas D Venkatesha
